Re: Response to April 10, 2015 Request to Provide Information

Dear Mr. Gorman,

Terminix International Company, L.P. (the "Company") hereby submits its objections and responses to the U.S. Environmental Protection Agency's ("EPA's") April 10, 2015 request for information ("Information Request"), which was received by the company on April 17, 2015. This submission is timely because it is being made within 14 days of the date of the Company's receipt of the Information Request. We look forward to working cooperatively with the EPA on this matter.

The Company provides its objections and responses only on behalf of Terminix International Company, L.P. and, after a reasonable inquiry, Terminix International Company, L.P., ServiceMaster Consumer Services, L.P., ServiceMaster Global Holdings, Inc., and The ServiceMaster Company, LLC. As explained in more detail in the objections and responses, Prestige Pest Management Corporation (also known as Prestige Pest Management, Inc.) is a separately-owned and operated company. We expect that Prestige will respond to the Information Request on its own behalf, and the Company is not responsible for and is not responding on behalf of Prestige. Also enclosed please find a CD-ROM containing Bates labeled documents relied upon in formulating the company's responses to the Information Request.

Enclosed is a CD-ROM containing documents Bates-labelled TMXPR-00001 to TMXPR-00054, which were relied upon to prepare or referred to in the Company's responses to the Information Request. The enclosed objections and responses and the documents on the enclosed CD-ROM are provided without waiver of any objections or rights and should not be construed as an admission under state or federal law. The Company reserves the right to supplement its responses to the Information Request, either separately or in any future responses, as appropriate.

Please note that the enclosed Sublicense Agreement between International Pest Control LLC and Prestige Pest Management, Inc., Bates labeled TMXPR 000011 to TMXPR 000054, contains Confidential Business Information, as defined in 40 C.F.R. Part 2, Subpart B, and is so marked. The Company requests that EPA protect its Confidential Business Information to the fullest extent provided by law.
